

ABOUT THE STATE

Happenings of Interest from Different Sections.

L. D. Latham, the Milton lawyer, fell on the frozen ground while deer hunting, and broke a leg.

Robert Kimball and Ivan Dwyer shot two small bears on the mountain in Huntington Center Monday.

Milo Adams, in making the rounds of his traps in Bradford a few days ago, slipped and lost his balance. His arm became entangled and, in trying to save himself, his gun went off, shooting off the flesh in the center of his right hand and the ball of his thumb. After first aid measures had been given, he was taken to the hospital at Hanover, where an operation was performed.

Mrs. Merton Lazelle, for 10 years a private nurse in Brattleboro, began Dec. 1 as school nurse in district No. 2, which includes the schools of Brattleboro as well as some outside. For five months, Mrs. Lazelle was in Philadelphia, taking a post graduate course in children's diseases. She also later took a four months' public health course in Montreal. Mrs. Lazelle takes the place of Mrs. Mary B. (Loomis) Brown, who resigned in May.

Albert A. Houghton, who was arrested last week in Middlebury on a warrant charging him with breaking and entering the clothing store of Clayton M. Hanks, and who has been out on \$2,000 bail, was taken before Judge A. W. Dickens in municipal court Tuesday. He waived examination and was held in the sum of \$2,000 for his appearance at the December term of the Addison county court. Bail was immediately furnished.

Running into a cable stretched across the road in Bennington for the purpose of pulling down a dead tree, a Ford car in which Thomas Theberge, William Edgington and Bernard McNair were riding was somewhat damaged. Mr. Theberge suffered a broken rib and Mr. Edgington a disabled hand. The Ford and its occupants were hurrying to help a stranded truck and the cable was not seen until it was too late to stop the car.

Richard C. Averill of Brattleboro, who recently bought the Silverdale summer hotel property at Spofford lake, which has been unoccupied for some time, has torn down the main building and has begun the erection of the first of nine cottages which will be provided for guests. He expects to have the cottages ready for occupancy next season. The demand for modern cottages at the lake has been greater for some time than the supply. Mr. Averill is understood to have paid \$10,000 for the property.

With the delay of less than an hour of one train, the drawbridge in the yard of the Rutland railroad at Burlington, which has taken trains over the cable slip for many years, was moved out and replaced by a temporary structure Sunday. The entire operation of carrying out the old bridge and putting in the new one, which occupied less than three hours when the first train went over. The old drawbridge has not been large enough for some time to accommodate the increased business and the new bridge which will be completed about the time navigation opens will have two tracks instead of one.

NOVEMBER WEATHER.

Average Temperature of 34 Degrees for the Month.

Northfield, Dec. 4.—William A. Shaw, meteorologist in charge of the local station of the United States Weather bureau, reports a mean temperature of 34 degrees in Northfield during November. This is two degrees above the normal for the month. The highest was 64 degrees, on the 1st, and the lowest was 10 degrees, on the 21st. The greatest daily range was 41 degrees, also on the 21st, and the least daily range was 20 degrees, on the 6th. The precipitation (rain and melted snow) amounted to 2.36 inches, the normal for the month being 2.60 inches. The prevailing wind was from the north, the total movement 5,094 miles, the average hourly velocity 3.2 miles, and the maximum velocity 35 miles per hour, from the northwest on the 30th. The month was made up of two clear, seven partly cloudy and 21 cloudy days. Precipitation in quantity sufficient to measure occurred on 16 days, and the total amount included 18.3 inches of snow. A solar halo was noted on the 3d, rain halos on the 3d and 7th, fog on the 12th and sleet on the 26th.

Three Bullets Struck House Simultaneously.

Three bullets intended for a deer struck a house in Vernon simultaneously Tuesday morning and made the occupants wonder whether it was not as safe to be in the woods as anywhere. The house is the old Elias Johnson home, occupied by Charles Lang and son-in-law, John Delaney, and families, who went there from Maine a few years ago.

One bullet went through the building and plopped into the ceiling over the bed in which Mr. Delaney was asleep, and the sleeper was rudely awakened by plaster which fell in his face. Another missile struck the kitchen range and another buried itself in a door casing.

It was learned that three hunters sighted a deer at the same time and began firing volleys. At least one bullet failed to go wide of the mark, because it is known that the deer was killed.

THIN PEOPLE SHOULD TAKE PHOSPHATE

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and back, and replacing sagging shoulders by the soft, curved lines of health and beauty, there are evidently thousands of men and women who loathe their excessive thinness.

Thinness and weakness are often due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by most all druggists under a guarantee of satisfaction or money back.

By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate should produce a welcome transformation in the appearance; the increase in weight frequently being astonishing.

Increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, should soon disappear, dull eyes brighten and pale cheeks glow with the bloom of perfect health.

CAUTION.—While Bitro-Phosphate is unsurpassed for the relief of nervousness, general debility, etc., those taking it who do not desire to put on flesh should use extra care in avoiding fat-producing foods.—Adv.

WINDHAM COUNTY LEADS.
There Have Been 64 Deer Killed There Thus Far.

Windham county jumped into the lead in the number of deer killed for the first two days of the week's open season in Vermont, the number slaughtered there being 64 and the total for the state being 324. The number by counties was as follows:

Addison	34
Bennington	2
Caledonia	9
Chittenden	3
Essex	3
Franklin	6
Grand Isle	1
Lamotte	20
Orange	0
Orleans	1
Rutland	5
Washington	35
Windham	64
Windsor	23

Previously reported 91 324

EAST MONTPELIER

Philip Bean got two foxes Thanksgiving day and a mink on Saturday. The fox pelts brought him over \$30.

Miss Elva Townsend has gone to Burlington hospital for treatment. Her school is closed for the present.

Meri Warren, who has been ill at his home for over a week, has returned to his work in C. P. Dudley's store.

Harry Vincent and family have returned from Brattleboro. The funeral of Mrs. Vincent's mother, Mrs. Dodge, was held at her late home and the burial was at Montpelier on Tuesday.

Miss Norma Beals of Old Orchard, Me., spent the Thanksgiving recess with her parents at Bethel, Me.

The Lyfords are planning to move out of the LeBaron rent as soon as the Harry Daniels rent is vacated.

A large deer was seen looping across C. P. Dudley's pasture just before the snowstorm on Tuesday.

James Leslie has taken a short vacation from his work at L. W. Sibley's and has gone deer hunting.

Mrs. Lester Lang and little daughter were business visitors in Montpelier Wednesday.

FAYSTON

The Green Mountain Lumber Co. of Middlesex are now ready to let contracts to responsible parties for hauling logs from their landings to the mills.

We will also let a few contracts for hauling lumber from our mills to Middlesex. In applying for contracts to haul lumber, state in your first letter the number of feet you will haul and the price per thousand.

Economy.
Wife—I just bought this silk to make a tie for you, dear. If there's anything left over I can make a skirt for myself out of it.—Boston Transcript.

This veteran, S. B. Lamphers, was addicted to the excessive use of tobacco for many years. He wanted to quit but needed something to help him.

He learned of a free book that tells about tobacco habit and how to conquer it quickly, easily and safely. In a letter he writes: "I have no desire to smoke any more. I feel like a new man. Legions of others report similarly. Wonderful for cigarette and pipe habit, and chewing. Anyone desiring a copy of this inspiring book should send five cents, postpaid, by writing to Edward J. Woods, TD-31, Station F, New York City. You will be surprised and pleased. Look for quinner nerves, stronger heart, better digestion, improved eyesight, increased vigor, longer life and other advantages if you quit poisoning yourself with nicotine. In three days you can be rid of the addiction—then become robust, acquire healthy food and years to your life. Show others this ad.—Adv.

Says His Prescription
Has Powerful Influence
Over Rheumatism

Discoverer Tells Druggists Not to Take a Cent of Anyone's Money Unless Allenbur Completely Banishes All Rheumatic Pains and Twinges.

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to move. He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind, he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. The Red Cross Pharmacy has been appointed agent for Allenbur in this vicinity, with the understanding that they will freely return the purchase money to all who state they received no benefit.—Adv.

THE HOME FARM, containing 150 acres, more or less, known as the Philip Goss place, suitably divided; will keep about 30 head of stock and team; sugar orchard of about 600 trees, and plenty of wood and lumber; good water; on R. F. D. cream gathered, near school; will also sell the Thomas place, so called, containing 90 acres.

Stop Tobacco
Stop tobacco for a month and see how much better you feel. You can stop without suffering any inconvenience or feeling the usual craving. Simply get a box of Nicotol from any druggist, use as directed and the habit quits you. Your health will be better, your resistance to disease will increase, and you will cease to be a slave to nicotine. Read what Dr. Conner, formerly of the Johns Hopkins Hospital, says about the evil effects of tobacco in an article soon to appear in this paper. Nicotol is dispensed by all good druggists in this city, especially by Cummings & Lewis and F. G. Russell.—Adv.
